

Happy Building Health Check

The 12 Maintenance Essentials

Are you up to date on all of these? If not we can help.

We provide planned preventative, scheduled and emergency maintenance to keep commercial buildings compliant and happy.

Fire Risk Assessment (FRA)

Gas Safety Risk Assessment and Certification

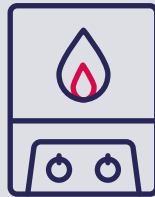

Air Conditioning TM44 Inspection

Air Conditioning – F-Gas Certification and Inspections

Hot and Cold Water Safety - Legionella Testing and Inspection

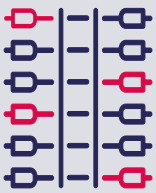

Boiler and Heating Systems Certification

Emergency Lighting Certification

Portable (PAT) and Fixed Appliance Testing

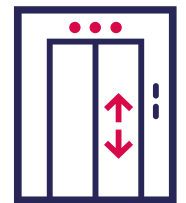

Electrical Installation Condition Report

Lightning Conductor Inspection and Testing

Asbestos Risk Assessment (for properties built pre 2000)

Lift Inspections (LOLER)

Happy buildings, happy tenants, happy landlords
